TALHA HANEEF

APPLYING FOR INTERNSHIP AS A REACT DEV

talhahanif1999@gmail.com   Sanghar, Pakistan   0313-1246565

OBJECTIVE

Aspiring React Developer with a strong academic foundation in Computer Science and a deep enthusiasm for front-end web development. Eager to embark on an internship journey to harness hands-on experience and apply my knowledge in creating captivating and efficient web applications. Proficient in React, JavaScript, HTML5, and CSS, I am equipped to collaborate with dynamic teams and contribute to innovative projects. My dedication to continuous learning and problem-solving, combined with a keen eye for detail, drives me to craft user-friendly and responsive interfaces. I am excited to bring my passion for web development and commitment to quality code to the forefront of a challenging internship role.
